CHRISTMAS IN THE VILLAGE
December 4, 2011

Suttons Bay

YESTERDAY & TODAY

The Village of Suttons Bay lies midway up the eastern shore of the Leelanau Peninsula. This year "round coastal village has been a haven for boaters since the early 16th century when its harbor was used as a port by schooners transporting lumber from the area to the emerging metropolises of mid-America.

Schooners, steamers and the railroad soon brought settlers and visitors to the area, and by 1880, the village had grown to be a lively place of about 250 inhabitants, comprising four stores, three docks, two hotels, a brick schoolhouse, a print shop, a sawmill and a new Catholic church. Today, the working port has been transformed into a beautiful marina, and is still a haven for boaters traversing the sparkling waters of the bay.

The village has a quality all of its own, with specialty shops, galleries and antiques like none other, charming bed and breakfast inns in the historic residential neighborhood, and a host of outstanding restaurants. The convenience of the professional services found in the village helps to keep life simple for visitors and residents alike.

Most of the shoreline of Suttons Bay is park land to enjoy. The Marina Park is an ideal spot for a family day at the beach. You'll find hiking trails at Bahle Park, in the wooded hills on the west side of the village, as well as the Leelanau Trail, south of the old train depot, for walking, biking and cross-country skiing. The schooner schooner, *Inland Seas*, is docked on the south side of the Marina. To lead you there, follow the wooden walkways for a beautiful nature walk along the bay.

The Leelanau Peninsula offers wineries, golf, sport fishing, Great Lakes boating, and cross country skiing, casino gaming and two national parks, all a short drive away.

In our village there are no fast food franchises, nor is there a stoplight or a parking meter. In some ways little has changed. Today, when you travel up highway M-22, you will suddenly find that you are not on a state highway anymore, but on St. Joseph's Avenue, our main street, with much of its 19th century architecture intact. We hope that you will savor the charms of this historic village by "slowing down" just a bit.

The Village
